

The Lehigh Conference of Churches Interfaith Action Committee Statement on Diversity, Equity and Inclusion

We the members of the Interfaith Action Committee will pause to listen, reflect, collaborate, dialog and take appropriate action in promoting a culture of Diversity, Equity and Inclusion. When we become aware of religious intolerance, institutional racism, or other forms of social injustice we will confront it directly. We stand united with those calling for justice and access to the same freedoms for all people. We recognize that change begins within.
